### **Disclosures to Participants**

Novel Coronavirus (COVID-19\*)

(Title of education activity)

---

### **Requirements for Successful Completion:**

Learning outcome:

At the conclusion of this activity, the registered nurse will be able to: Identify patients who should be evaluated as patients under investigation for SARS-CoV-2 infection. Incorporate the appropriate procedures for patient isolation, handling and diagnostic testing for patients with suspected COVID-19 disease, Describe the state of the recommended treatment and supportive care strategies for patients with confirmed COVID-19 disease, Discuss drugs and vaccines in development against the SARS-Cov-2 virus

To receive contact hours for this continuing education activity, the participant must:

- Completion of a Learner-Paced packet/module
- Complete and submit the evaluation

Once successful completion has been verified, a "Certificate of Successful Completion" will be awarded for 0.75 contact hours.

### **Conflicts of Interest:**

**Explanation:** A conflict of interest occurs when an individual has an opportunity to affect or impact educational content with which he or she may have a commercial interest or a potentially biasing relationship of a financial nature. All planners and presenters/authors/content reviewers must disclose the presence or absence of a conflict of interest relative to this activity. All potential conflicts are resolved prior to the planning, implementation, or evaluation of the continuing nursing education activity. All activity planning committee members and presenters/authors/content reviewers have had their Conflict of Interest assessed, identified and resolved by the nurse planner.

The activity's Nurse Planner has determined that the following planning committee member(s) and/or presenter(s)/author(s)/content reviewer(s) have a conflict of interest. Those conflicts of interest have been appropriately resolved.]
